## About the Speaker

**VIPUL KAUSHIKK is a name to reckon with in the industry today. He is a dynamic motivational speaker and performance guide who has conveyed positive changes in aspirants' life. Vipul Kaushikk is known for creating interactive keynotes and workshops that engage his audience and invite them to be active participants of their own success.**

**Vipul Kaushikk is one of the most inspiring motivational speakers, corporate trainers and stock market coach in India. Energy just flows when he is among the people. Vipul uses advanced techniques to engage the audience and lead them to use what they learn during his seminars so that they can create a positive lasting change in their life. His style of delivery is absolutely unique.**

**He is constantly engaged by the Corporate, and Education sector to train, inspire and empower their people.**

**He mainly talks about Power Selling, Motivation, Stress Elimination, High Performance Leadership, Confidence Building, Conflict Resolution, Goal Setting, Success Strategies, Law of Attraction, Psychology of Wealth, Power of Dreams, Youth Empowerment, and Personality Transformation.**

**In a world where trainers, educators and motivators are hell-bent on convincing you that creating your best life is all about following their philosophy, buying their programmes and their products, Vipul Kaushikk is an anomaly. Vipul Kaushikk doesn't tell people he is the 'guru' who is the answer to all their problems. He is a coach who is ready to be there when you need, who will inspire you and challenge you to be and have the best you can. Vipul Kaushikk believes belief is power. You have to think you can ever before you really can. He teaches that you're the solution (and the problem). He teaches that forever change is a process which works from the inside out. And that too many people try and put right the internal matter with external solutions. He's kind of challenging, honest, entertaining, amusing and confronting but he knows what works.**
